

We're Helping Kentucky Students Map Brighter Futures.

This is Toyota's commitment to current and prospective students of Kentucky's Colleges and Universities. We are delighted to help thousands of determined and deserving students move closer to their goals through our educational partnerships with the state's institutions of higher learning.

Through our Scholarship Support and Matching Gifts Programs and our ongoing relationships with Kentucky's colleges and universities, we're doing what we can to maximize educational opportunities for Kentucky students at Kentucky schools.

We're proud to have a Toyota Scholar at many of the schools listed on the right side of this ad and even prouder to help support the education of our state's young people, who are also our state's future.
