

Nothing can
dim the light,
which shines
from within.

—Maya Angelou

At KU and LG&E, we provide the energy, products and services that bring quality life, comfort and radiant light to all corners of our communities. But there's a light that shines brighter still. The light of "Self." It burns brightly in each of us, illuminating the path ahead and guiding us toward a brighter tomorrow. KU and LG&E encourages youth everywhere to pursue their dreams and let their inner light shine through. **Customers first. Energy that lasts.**
