

CAMPUS SAFETY

Tim Webb photo

Proceed with Caution

The freedom that comes with living on your own for the first time can be exhilarating. But with that freedom comes the responsibility to take precautions when it comes to your safety. It's important to be aware that crime does occur on and around college campuses – and that you're not immune. That doesn't mean you need to lock yourself in your dorm room after your last class and never venture out. It just means that you need to think smart and play it safe...

Safety Smarts

- ! Always travel in groups. Use a shuttle service after dark. Never walk alone at night. Avoid "shortcuts."
- ! Study the campus and neighborhood with respect to routes between your residence and class/activities schedule. Know where emergency phones are located.
- ! Share your class/activities schedule with parents and a network of close friends. Give network telephone numbers to your parents, advisors, and friends.
- ! Always lock the door to your dorm room or apartment. (It takes only seconds for someone to enter and steal your valuables.)
- ! Do not loan out your key. Rekey locks when a key is lost.
- ! Don't leave notes on your door announcing you're gone.
- ! Don't leave wallets, checkbooks, or valuables in open view.
- ! Get to know other residents in the area.
- ! Require identification and authorization from repair or maintenance persons wanting to enter your room.
- ! Keep your car or truck locked at all times.
- ! Park in a well-lighted parking lot.

Spencerian College

4627 Dixie Highway • Louisville, Kentucky 40216

Careers in Caring!

- Associate Degree Nursing (ADN)
- Limited Medical Radiography (LMR)
